

PRESS RELEASE

OMP renews partnership with the TCR International Series

Ronco Scrivia – 9th March 2016

TCR International Series promoter WSC Ltd and **OMP** have renewed their partnership for the 2016 season.

Founded in 1973 in Genoa, OMP is a leading Italian company specialising in the design and creation of safety components for the car-racing sector (fire-resistant suits, seats, steering wheels, safety belts, etc.). Just like last year, **OMP will be the technical partner of the TCR International Series for staff uniforms and racing clothes.**

Marcello Lotti, CEO of WSC, commented: *“We are very pleased that an acclaimed motorsport brand such as OMP have agreed to extend their support after the successful maiden season of the TCR International Series.”*

Paolo Delprato, CEO of OMP echoed: *“We keep on supporting the TCR project with more and more enthusiasm, because of the freshness and innovation that this series brings to the motorsport world. TCR International Series is a perfect match with our global and winning philosophy, and we are very happy to extend this partnership”.*

Thanks to the cooperation between OMP and WSC Ltd, the **OMP Trophy** will award 50,000 Euro prize money to the competitors once again. Classification for the OMP Trophy will be based on the points scored in the Drivers' Championship, increased by a series of coefficients determined by the different levels of OMP equipment used by each driver or installed in his/her car. The winner of the OMP Trophy will also receive a racing overall, a pair of gloves, a pair of shoes and a top-underwear.

The 2015 TCR OMP Trophy was won by **Stefano Comini**.

On top of this, competitors of the TCR International Series will benefit from a **20 per cent discount** in purchasing OMP products through TCR organization.
